milos island

ADAMAS Adamas is the port of the island and its charming center during the summer with its cafes, boutiques and inviting restaurants. The exciting nightlife of the island takes place here. There are two sandy beaches: PAPIKINO and LAGADA.

PLAKA Plaka is the capital of the island. It is built in the traditional Cycladic style with many narrow, winding streets where you will enjoy getting around. In fact you'll find surprising small boutiques there, cafes, restaurants. The sunset, from the central church of KORFIATISSA or from the Kastro on the very top of the village, is very beautiful, it's a Must!

PLAKES, FYROPOTAMOS, MANDRAKIA. Plakes is a small, densely populated village between Plaka and Triovasalos. Fyropotamos and Mandrakia are characterised by a little fishing settlement right on the beach. There is a Bar on the beach of Fyropotamos.

TRYPITI & KLIMA. Trypiti is a medieval village built on the hill over Klima. You can visit here the Christian Catacombs, the second most important after the catacombs in Rome, they are long 184 m. Klima is a traditional fishing village, part of Greek heritage with its "Syrmata", boat garages-cum-seafront cottages.

POLLONIA. This is the Northern village of the island. One of the tourist resorts of Milos with numerous holiday apartments, restaurants and cafeterias. From the lovely port of this village you can take the everyday boat to the nearest island of KIMOLOS.

SARAKINIKO One of the top spots on the island is Sarakiniko, known for its characteristic lunar scenery

PAPAFRAGAS & FYLAKOPI On your way to Pollonia you will reach the cave and canal of Papafragas, another well known spot of Milos. Just next to it you will see Filakopi, the ancient town of Milos, dating back over 3000 years.

PALEOHORI & AGIA KYRIAKI. Two of the most famous beaches on the island.

PROVATAS, FYRIPLAKA, TSIGRADO & TSIGOURIA. Provatas is a small seaside settlement on the south coast of the island: this is a large bay with many sandy coves. There are hotels, holiday apartments and restaurants. From Agios Sostis Beach, below Tarantella Restaurant, boat tours are departing daily to Kleftiko, Thiorichia and Poliegos. FYRIPLAKA and TSIGRADO are two popular beaches on the island.

AHIVADOLIMNI, is a long beautiful sandy beach in the gulf of the island.

AGIA MARINA & EMBOURIOS Agia Marina is a monastery which for centuries has played an important part in the ecclesiastical life of our island. Today it offers a wonderful view on the bay of the island. From here you can take the path to Embourios, a picturesque seaside area.

In Melian dialect, "SIRMA" is called a fishing cave, placed just on the seaside, sealed with multi-colored, huge doors, which is used to protect the fishing boats from strong winds and rough waves, during the winter.

tsakanos sirma

As time passed, "SIRMA" became a residence of habitats and tourists, with many comforts and without losing its initial, typical local color or structure. Klima, is the largest complex of "SIRMAS" in Milos island. A typical fishing village, in which "TSAKANOS SIRMA" is located and waiting for you. In this "SIRMA", you can enjoy absolute Aegean view, as well as peaceful surrounding, disturbed only by wave and seagull sounds.

kimolos

Kimolos island has one main town, called Chorio and some smaller settlements that are inhabited mainly in the summer, while in the winter few of them have residents: Psathi (port), Goupa, Kara, Prasa, Aliki, Bonatsa and Dekas. Many of the permanent residents of the island are people who, upon their retirement they returned to their island of origin, free from obligations, to get a new way of life in their little paradise, spending their time with farming, stockbreeding or fishing.

Young men are mainly involved with the mines of Kimolos and Milos, they are craftsmen, merchants, fishermen, seamen and almost all of them farmers.

At Chorio there is no great central square but several smaller ones like: Theoskepasti, Giorgila (with a well), Kambos (where the Children's Playground is), while, the largest one, at the School, has beautiful view and is ideal for someone to watch the full moon rise in August!

There is a new Archaeological Museum and a Folklore Museum inside the castle area.

Golden Milos Beach

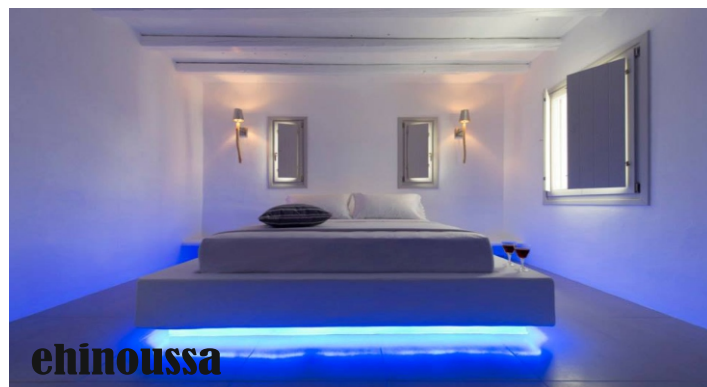

The Golden Milos Beach is a 4-star Hotel. It is situated on the marvelous sandy beach at Provata.

The hotel offers two outdoor swimming pools and a Jacuzzi.

The Cycladic style prevails, its dazzling white and wonderful blue enchanting the visitor.

The unique atmosphere of discreet luxury is everywhere, in the trendy beach bar, the pool bar, the comfortable rooms overlooking the sea, the restaurant with its imaginative culinary proposals and the hotel's elegant main bar.

This ideal environment, ensuring comfort during your stay and efficient service, just 10 minutes from the harbour and 5 minutes from Milos airport, welcomes you to the Cycladic side of luxury.
